

TWO VETERANS OF THE GREAT RUSH

Harry Sommer and Wm. F. Kaeke
Again in Edmonton Preparatory
to Prospecting Trip.

The memory of the "Klondike rush"—that time of feverish excitement when men forsook the peaceful paths of life to struggle against the hardships of the wilderness in a mad endeavor to get rich quick—is still fresh in the minds of many of the old timers of Edmonton. The rush occurred just ten years ago when Harry Sommer and Wm. F. Kaeke, two of the veterans of the Klondike, returned to the city after having spent the winter of 1900-1901 in the Yukon Territory, west of Nome, and then left the country in the summer of 1901.

Sommer and Kaeke expect to leave the city shortly on a prospecting trip. Their destination is just the Findlay River, or any of the places from where gold reports are now coming. They intend trying their luck in a new part of the country, and are evidently confident that they are on a good quest.

Japan and America Agree.

Tokio, Mar. 14.—Ambassador O'Brien returned to the foreign office to the United States to Japan's last note with regard to restriction of immigration. All details have been arranged on a basis satisfactory to both sides.

IMPRISONED HINDUS HAVE BEEN RELEASED

Solicitor E. P. Davis Made Striking Speech at Court. Many Sentences Become Known.

Vancouver, March 14.—The provincial government has decided to release the Hindus who were arrested on suspicion of having an educational test applied upon entry to British Columbia to prevent a possible Chinese immigration. The Hindus were taken into custody on business today. Eighteen Hindus who were last week fined five dollars each for failing to pay a fine of payment sentenced to one year in the penitentiary on the ground of having failed to pay the fine. The immigrants arrived on the s.s. Mona from Suva. The Dominion customs officer, Mr. J. Morrison today held that the provincial government was not justified in releasing the Hindus, and therefore could not stand. The court, however, held that the Hindus could be released. The release of the Hindus could be prevented from leaving because the legislation passed by the provincial government was not in accordance with the provisions of the Immigration Act. The release of the Hindus could be prevented from leaving because the legislation passed by the provincial government was not in accordance with the provisions of the Immigration Act.

ENTOMBER MINERS LOST.

Twenty-Five Caught Below Ground Killed by Fire.

Birmingham, Mar. 12.—The long period of anxiety and suspense over the fate of the twenty-five miners who were trapped in a coal mine in Alabama, ended today when it was learned that all of them had been killed by a fire which broke out in the mine. The fire broke out in the mine at the mouth of the pit, when it was announced that despite the efforts of the miners to escape, they were unable to do so. The fire spread rapidly, and the miners were unable to escape. The fire spread rapidly, and the miners were unable to escape. The fire spread rapidly, and the miners were unable to escape.

Struck it Rich.

Kaeke then returned to his home in Chicago and Crew went north in a vessel to Alaska.

After reaching Seattle and finding that the provisions ran short and they were forced to return to the Klondike gold fields. They returned through the Columbia River, and were forced to subside on horse back. At last they struck at Quetzal, where they found gold. They had been three years on the trip and a successful one. They had been three years on the trip and a successful one. They had been three years on the trip and a successful one.

Notes of Big Auto Race.

Omaha, Neb., Mar. 14.—The race which was held at the Grand Circuit track here today was one of the most exciting of the season.

The Home Gold Rush.

Sommer arrived at St. Michael at the time of the gold rush to Nome, 1901. He found a large number of

POSITION WILL SEEK THE MAN

No Application for Railway Commission to be Considered
The Donkshober Question

Ottawa, March 12.—A government measure increasing the board of railway commissioners from three to six members, engaged the House this afternoon. E. A. Lancaster (Conservative, Lincoln), thought if two members were given power to constitute the board, they should be given power to select a man who had been before them. He thought the proposal of power of a deputy chairman was entirely consistent with those of the chairman. Were these two to constitute the board they might disagree on a point of law and cause a deadlock. Mr. G. H. M. (Conservative, Lincoln), proposed a change that the assistant commissioner would only exercise the power of appointment. The change was accepted. E. A. Lancaster (Conservative, Lincoln) was appointed to be named from one political party, pointing out the fact that in the United States the minority was represented in appointments to the board of the railway commission.

Donkshober Question.

Omaha, Neb., Mar. 14.—The race which was held at the Grand Circuit track here today was one of the most exciting of the season.

The Home Gold Rush.

Sommer arrived at St. Michael at the time of the gold rush to Nome, 1901. He found a large number of

NO PROTECTION FOR REALTY MEN

License Imposed on Real Estate Agents for Review Only Judge Taylor's Decision.

That real estate agents have no protection from the work of the cash stone broker, or person who conducts real estate transactions and receives a commission for his services without conducting any regular office or paying a license fee is the effect of a decision given by Judge Taylor in the District Court yesterday. The judge held that the by-law licensing real estate agents in the city was for the revenue only, and not for the purpose of controlling or regulating the real estate business.

DESPERADOES ESCAPE FROM PENITENTIARY

Two Criminals Dig Their Way Out to Freedom—They Had Heard Has Reached the Country to Heaps

Bismarck, N.D., March 14.—Joe Bismarck, a notorious criminal, escaped from the penitentiary at Bismarck, N.D., this morning by way of a tunnel out of the building. The escape was made by two men, who had been in the penitentiary for some time. The escape was made by two men, who had been in the penitentiary for some time. THE INDUSTRIES OF EDMONTON

W. H. CLARK CO., LTD.

From the days when Edmonton outgrew its village clothes and assumed the more pretentious garments of an incorporated town, the lumber industry and the manufacture of lumber have always played an active part. One of the most important early factories was that of W. H. Clark, started in the spring of 1901, in the building at present occupied by the Empire Block. As the town grew and property increased in value the building became too small, and the land too valuable for manufacturing purposes.

A company was then formed and larger accommodation secured on First street, an engraving of which accompanies this article. The rapidly increasing trade soon outgrew this accommodation also, and it was then decided to form a joint stock company.

With a capitalization of \$100,000, the present joint stock company was formed in 1904, exclusive property was acquired on Ninth street, and large buildings were erected. The present officers of W. H. Clark & Co., Limited, are: President, W. H. Clark; manager, A. W. Robson; secretary, C. J. Robson; superintendent, A. J. Hagen.

Present Site and Building.

The present site and building are among the most conveniently situated and splendidly equipped manufacturing premises of the kind to be found in Western Canada. The plant covers an entire block. The factory is served by city water and electricity and will ship by sea or overland. The best shipping facilities are provided by the spur track from the Canadian Northern Railway, which runs to the shipping warehouse and the lumber sheds. The new C.P.R. is but a few yards away, and when the high level bridge is completed the line will pass close by. The office building is one of the most comfortable and convenient

filled to capacity with stock of all sizes. The upper floor is divided into three compartments, where the factory employees are engaged in the various work of breaking down and other such material.

The rest of the floor space is filled with the mouldings for the manufacture of window sash, and the rest

room, with a 120 horse-power double cylinder Robt. Armstrong compound Downside is the machine room, the storage for glass and sash and the string room.

Behind this building are the stables for the delivery teams, and on the north are the limbo, sheds. One of these is used exclusively for hard-

The Old Factory of W. H. Clark, on First Street.

wood, and the larger, 144 feet by 60 feet, is the moulding shed, in which are stored mouldings and all varieties of matched and finished material. In the north-west corner of the yard, occupying the remainder of the block, are the fine and cement sheds, large quantities of both lime and cement being stored in stock. W. H. Clark & Co. are the sole agent in Central Alberta for the National Cement Co.

and contains the heavier machinery, such as the planers, jointers, and the unique device is the chain mortising engine and two 120 horse-power lathes. The workshop also attached to this building is filled with all the necessary appliances, such as lathes and drills. These are run by six separate, upright engines. The mill is furnished with a complete and up-to-date system, which wears all the waste from the saw and

Present Factory of W. H. Clark & Co., Limited, on Ninth Street.

furnished in the city. The building is 40 feet by 45 feet and two stories in height. The ground floor is office portion, while the upper floor is used as a store-room for screen doors and windows, containing at the present time three or four hundred cases and about 300 or 400 windows for the wholesale trade during the coming summer.

The Manufacture.
The main factory, on the south-west corner, is a two-story building and covers an area of 144 feet by 72 feet. The ground floor of this enormous structure is entirely taken up with the exception of the foreman's office, by the cutting up, turning and lath-making departments, including among the machinery a large, inverted resaw, planer, moulder, and saw. There is in the rear end of this floor a large storage room for doors, the shelves of which are now

planes automatically. The upper portion of this building is a storage room for doors, trimmings and mouldings of all kinds, and a portion has been divided off as an office room for sales, estimates, bookkeeping, and so on.

The workshop also attached to this building is filled with all the necessary appliances, such as lathes and drills. These are run by six separate, upright engines. The mill is furnished with a complete and up-to-date system, which wears all the waste from the saw and

Short History of the Founder.
Mr. Clark was born in London, England, and received his education at the Wesleyan schools at Holloway. He came to Canada in 1889 and after three years spent in Toronto he came to Edmonton in 1892. He followed the contracting business until the spring of 1897, when he started the nucleus of what is now the well-known firm of W. H. Clark & Co., Limited.

Mr. Clark also has large interests in the Edmonton Lumber Company. Both these businesses are altogether distinct from each other.

SPORTING NEWS

THREE GAMES FOR EDMONTON.

By winning out again for the third time from Portage la Prairie by a score of 11 to 2 the Edmonton Hockey team last night clearly demonstrated that they can make a good claim to be the fastest hockey aggregation in Western Canada. In last night's contest the team clearly outplayed the premier team of the Manitoba League and the local winners by a big margin. It was a case of brilliant individual play and a well planned combination play, and as it usually the case the latter was the key to the victory.

The game was played with six men on each side, Hamilton being left Portage preferring to drop a man to even up. It was the fastest game of the three and the players were very energetic. The game was started with a goal by Hamilton, but Portage soon made a considerable rush and three penalties were handed out to Hamilton. Two to Deaton, two to Lannon, and one each to Whitcroft and Keon. Most of the afternoon was serious however.

On the Portage line-up Lannon appeared for the first time replacing Fraser on the right wing. Keon was moved from centre to left and Service was moved back to point in place of Arthur Rose who was dropped. Keon was the star of Portage and was also supported by H. Rose and Service.

On Edmonton line-up Miller went back to cover point, Crowler to point, and Deaton from the centre to the right wing. Miller and Whitcroft did the star work for Edmonton, but every man stood as brilliant game. Crowler kept shining. His playing last night was probably the best of the season.

Parr and Quinn, between the posts, each did magnificent work and on last night's shooting it would be hard to pick the better man.

The teams lined up as follows—

Edmonton.
Parr
Crowler
Miller
Deaton
Whitcroft
Boulton
Keon
Charlton
Lannon
Service
Quinn

Portage la Prairie.

Officials—Referee Brown.

Judge of play—J. Fraser.

Time-keepers—Bill Russell, A. Ross, T. Lyman.

Goal Judges—Wilson, Collins, Sheppard.

Play began at 8:45 and immediately Portage scored the objective. Charlton and Keon came down together. Miller scored and rushed, passed to Boulton and he tried for a score, but the latter failed.

The game was very fast. From a face of near centre Charlton scored, winning his way through between Miller and Crowler and Parr failed to stop and the score was one for Portage in 3 minutes.

On the next goal, Whitcroft and Deaton got away for a pretty run but lost touch. He came back with a hard dash, but lost to Crowler. He passed to Whitcroft and, Whitcroft making one of his sensational dashes, took it down to Quinn, but got it no further. Service, Rose and Keon brought it back, but Parr saved. Miller tried to rush, but lost to Lannon and he to Whitcroft. Whitcroft with Boulton along went down the ice and scored the first goal for Edmonton. Time 7 min.

Edmonton 1, Portage 1.

The play resumed, and Boulton had the puck. He went down hard and lost but Quinn failed in the effort to score.

The game was just as lively as before and a quick succession of goals followed from Miller, to Lannon, to Whitcroft, to Rose, to Charlton, and, the breaking away, came down on the rush and Charlton scored. Time 13 min.

Edmonton 2, Portage 1.

From the following scenario Miller carried Whitcroft's puck down to the goal, but lost to Rose. He dribbled it down, but Crowler saved. He made a good dash, but lost to Crowler. He was offed for his side for a minute and Whitcroft and Keon were sent to the bench. Two minute penalties were imposed. Charlton and Rose brought it away, but lost to Crowler. He tried to get away, but was tripped by Keon. The puck went to the face for the first time with Portage two men up, Boulton went down with a brilliant effort for a try. Quinn failed and the score was even. Time 14 min.

Edmonton 2, Portage 2.

Half a minute later Boulton, after a pretty dash, scored another, and the score stood Edmonton 3, Portage 2.

Deaton was sent to the bench for tripping and the game was over in four minutes. Side. Not for long, however, for Whitcroft came back and made a pretty rush. Service scored and rushed, passed to Keon who scored, making three all. Time 14 1/2 min.

The puck got hot. Miller came down on Quinn. He gave it to Service and with Charlton along they made one of

the prettiest plays of the game. Charlton shot and the puck hit the net, bounced out, and no goal was the result. A discussion arose and it finally was decided to replace Collins as goal judge. Wilson took his place, shortly after the play started again. Whitcroft came down and scored. Time 8 min.

Edmonton 4, Portage 2.

Some fast individual rushes by the members of both teams, and some good ball handling by each team was offered, but no goal and time was called. Finally after he had come back in one minute, Whitcroft scored again.

Edmonton 5, Portage 2.

One minute later Keon came down and scored. Time 10 min.

Two minutes more play, in which every member of each team played good hockey, saw the puck in Whitcroft's net and he scored.

Edmonton 6, Portage 2.

Service scored the puck shortly after and tried to rush, but failed. His stick was broken and he was sent to the bench. A discussion arose and it finally was decided to replace Collins as goal judge. Wilson took his place, shortly after the play started again. Whitcroft came down and scored. Time 8 min.

Edmonton 7, Portage 2.

Four minutes more play, in which every member of each team played good hockey, saw the puck in Whitcroft's net and he scored.

Edmonton 8, Portage 2.

Thirty seconds later Deaton came down and scored.

Edmonton 9, Portage 2.

The play was very fast. Miller and Boulton came down and scored. Time 14 1/2 min.

Edmonton 10, Portage 2.

Four minutes more play, in which every member of each team played good hockey, saw the puck in Whitcroft's net and he scored.

Edmonton 11, Portage 2.

Whitcroft and Miller made a pretty rush and Service rushed. Deaton and Rose also came down, and Deaton scored the last of Edmonton's goals on Boulton's line.

Edmonton 12, Portage 2.

Two minutes later Deaton was sent to the bench for tripping, and while he was off Lannon scored, the last of his 14 minutes.

Portage, making the final score 11 to 2, in Edmonton's favor.

The official summary of goals is as follows—

Goal scored for by whom. Time.

1. Portage Charlton 3 min.

2. Portage Whitcroft 7 min.

3. Portage Charlton 8 min.

4. Edmonton Boulton 1 min.

5. Edmonton Keon 1 1/2 min.

6. Portage Whitcroft 3 min.

7. Portage Keon 3 1/2 min.

8. Edmonton Whitcroft 6 min.

9. Edmonton Whitcroft 8 min.
